PROGRAM

DESIGN

Billy Blue and Media Design School graduates are strongly recognised by the creative industries and constantly sought out - often before they even graduate. They are work-ready, incredibly talented and always prepared to test new waters.

Meet the people behind our creative community at Open Day including students - past and present - and lecturers.

TALK: Todd Watts - Billy Blue Graduate & Integrated Designer At M&C Saatchi

1.00-1:30PM

Since finishing his Communication Design degree, super-talent Todd Watts continues to go from strength to strength. He landed a job at Yell Design, straight out of Uni, as a stop-motion papercraft animator-graphic designer-producer-all rounder. Now, he's at globally awarded, integrated creative agency M&C Saatchi and one half of the design practice Milk + Cookies. Pick up tips and tricks on how to land your dream job.

TALK: Anna Brandberg - UI/UX Game Designer at Firemonkeys Studios (EA)

2.00pm - 2.30pm

Anna is a Swedish UI/UX Designer currently working on The Sims FreePlay. She started her career as an Art Director for a Swedish board-game company, but quickly realised her passion laid within UI in digital games. Realising she craved more sunshine in her life, she moved to Australia where she landed at EA. Discover where a career in games can take you at Anna's talk.

NURSING

THINK HEALTH EDUCATION

At THINK Health Education, we place equal value on theory and practice. We ensure our students are trained in the real-world skills they need for success.
