STUDIO SESSIONS

BILLY BLUE COLLEGE OF DESIGN®

Introduction to AutoCAD: 2D

LECTURER	Cecile Roux
DURATION	Option 1: one day a week for four weeks (Saturday, 1pm-4pm) Option 2: two days a week for two weeks (Monday and Wednesday, 6pm-9pm)
FEE	$550
VENUE	Billy Blue College of Design, 46-52 Mountain Street, Ultimo, NSW 2007
WEBSITE	www.billyblue.edu.au
COURSE OUTLINE	These studio sessions will give you a comprehensive introduction of Autodesk AutoCAD 2D, a widely used industry leading drafting program. The course is designed to take you through basic AutoCAD features step by step so that you will be very proficient in no time, providing you with the fundamental skills to produce 2D drawings and documentation.
WHO SHOULD ATTEND	Designed for beginners wanting to learn computer-aided drafting and design skills using Autodesk AutoCAD. Architects, interior designers, interior decorators, fashion designer, furniture designers, industrial designers, builders and anyone with a flair for creative design are all welcome.
PREREQUISITES	No previous industry experience or knowledge is required. However, you will require basic computer knowledge (Mac / PC).
WHAT TO BRING	Pen/pencil, note pad and 4GB+ USB.
LECTURER'S BIOGRAPHY	Cecile Roux is a Sydney-based freelance Interior Designer, artist and Permanent Lecturer at Billy Blue College of Design who has extensive knowledge teaching Revit, AutoCAD and Sketch Up to Interior Design students at Billy Blue. Originally trained in music education, she graduated from Design Centre Enmore, Sydney and has recently completed a Master of Cross-Disciplinary Art and Design at COFA. She has more than 15 years of teaching experience.
AWARD	Participants will receive a certificate of completion* * 80% attendance required

Introduction to AutoCAD: 2D

COURSE CONTENT

DAY 1: Getting started	• Getting started with AutoCAD • User interface & navigation • Drawing settings • Introduction to Layers • Drawing tools
DAY 2: Modifying & editing tools	• Break / trim / Extend / Move / Explode • Copy / Mirror / Fillet / Chamfer • Rotate / Scale / Offset / Offsetgaptype / Stretch
DAY 3: Layers & Hatch & Blocks	• Creating layers • Managing layers • Hatch settings • Controlling hatch • Creating Blocks • Inserting Blocks • Managing Blocks
DAY 4: Text & printing & Annotation	• Single Text • Multiline Text • Text Editing • Layout settings • Printing settings • Annotative objects • Notes, labels, leaders & Dimensions

STUDIO SESSIONS

BILLY BLUE
COLLEGE OF DESIGN®

COURSE OUTCOMES

The course will provide you with an understanding of the fundamentals of Autodesk AutoCAD 2D. Upon completion, you will have the skills that will allow you to continue using the software on your own for future projects.
